NEW REVELATIONS: WHY THE UNITED STATES SHOULD WITHDRAW FROM THE UN

One reason for joining the UN was to avoid costly wars, but war has now become commonplace. John McManus presents little-known facts about the UN's creation and up-to-date reasons why America must withdraw from what Senator Robert Taft labeled "a trap" as far back as 1947.

John F. McManus

BIBLICAL BASIS FOR AMERICANIST PRINCIPLES

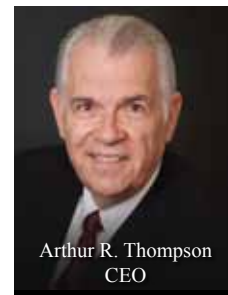

What does the Bible say about limited government and free markets as a way of life? The Bible was given to us as a blueprint for living. Mr. Dlinn explores the Torah, the Prophets and the Writings for clues that support what the early Founders also knew... that people were put on this earth to naturally be free. But what does real freedom mean?

Andy Dlinn

ETERNAL VIGILANCE

Without eternal vigilance, victory will quickly turn into defeat. Listen to JBS CEO Art Thompson as he discusses how we need to keep our elected officials on task and, through education, make sure our allies steer clear of false solutions.
