

Lake Elkhorn Pavilion & Parking

Parking Lot A is very small and tends to fill quickly. Please use this only if you are bringing refreshments or other items to the pavilion.

Parking Lot B is the parking lot of the *Lakeview Office Building* and is available for Lake Elkhorn users on evenings and weekends. It has plenty of available parking and there is a passageway that goes under Brokenland Parkway, so you don't have to worry about crossing the street. This is the preferred lot to use for most activities, and the one we've used for most of our Thursday evening walks.

Sonoma's Bar & Grille (dog-friendly with outdoor seating) can be reached through a passageway that goes under Cradlerock Way near the dock side of the lake. If you're starting or ending your walk at Sonoma's, you may want to park in the parking lot right behind the Giant on Cradlerock Way.
