This plan is a modified version of “The 40 day Prosperity Plan” by John Randolph Price. Mr. Price’s original plan is more centered around Christian Mysticism. The principles behind the plan are universal. 

Quotes from Amazon.com

“I completed the 40 day program in late September. Coincidentally or not (and I recognize that employers are more active in late September and October than they are in the summer) my resume began to get better response and I began to have more interviews-- a trend that continued through the autumn.

HAPPY ENDING: I accepted a job offer at 20% above the total amount of my previous salary AND bonus (and at an even higher percentage above my previous base salary). The salary is the highest that I have ever earned-- and this in a recession. In addition, I was told that I was selected for the position from a field of extremely well-qualified candidates and that the selection process was competitive.”

“This book is perfect for anyone who is willing to consider the possibility that God (or divine spirit) exists fully and completely within each and every one of us, and that there is an innate energy of total prosperity implicit in this fact. In other words, we are divine beings who deserve to live prosperous, creative, inspired lives! If you can accept this premise into your core beliefs, and devote 15 minutes of each day for 40 days to writing down one of ten daily affirmations, you will have completed the John Randolph Price's Prosperity Plan.”

“I did the meditations and started to not only have miracles, but my whole spiritual life was changed in the process. At the time I read the book, I had just relocated to another state was looking for a job. The first job I landed paid 40% more than the one I left! I knew it was because I began to believe that I deserved more, therefore, I had more. Over time, other things happened in my life too (too many to name here). I will only say that I have grown by leaps and bounds and ALWAYS expect miracles.”

“Is it a coincidence that on the 40th day I received a job offer with better hours, greater potential and just when I desired it the most? Possibly.

But during the 40 day period I've received extra money, (additional side work I'd been trying to achieve for months prior). Purchased material for an addition on my home at prices I could afford. Received discounts on work done from contractor's because they'd rethought their price? And so forth.”

“My first incomplete attempt netted me \$150 from a completely unexpected source. My second attempt happened when I was unemployed and upon completion of the 40 days I received a job offer at a salary of \$50K. My next attempt helped gain me a raise of \$25,000, which made my yearly salary \$75,000. Thrilled with my results I tried it a third time and nothing happened instantly. However within the last 3 month I've seen my income go to \$125,000!”

The Program

Here is a program for realizing abundant prosperity in your life and affairs. It takes 40 days for consciousness to realize a truth. A break in practice during the 40 day period will release the energy being built up around the new ideas. Therefore, there must be a definite commitment to faithfully follow this program each and every day for 40 days. If you miss even one day, start over again and continue until you can go the full period with perfect continuity. Here is the course of action:

Establish a specific date to start your program, such as the beginning of a particular week.
Count out 40 days on your calendar and mark the completion date.

On the first day of the program write the statement shown below in your spiritual journal:

This day, (show actual date), I cease believing in visible money as my supply and my support, and I view my current world of effect as it truly is... simply an outpicturing of my former beliefs. I believed in the power of money, therefore I surrendered my Divinely given power and authority to an objectified belief. I believed in the possibility of lack, thus causing a separation in consciousness from the Source of my supply. I believed in mortal man and carnal conditions, and through this faith gave man and conditions power over me. I believed in the mortal illusion created by the collective consciousness of error thoughts, and in doing so, I have limited the Unlimited. No more! This day I renounce my so-called humanhood and claim my Divine inheritance as a Being of the Gods and Goddesses and of Spirit. This day I acknowledge them as my supply and my support.

There are ten statements of principles on the next page. Read one statement each day. This means that you will go through the entire list four times during the 40-day period.

After reading the daily statement upon arising or before going to bed in the evening, meditate on it for at least 15 minutes, focusing on each idea in the statement with great thoughtfulness and feeling, letting the ideas fill your consciousness. Following each meditation period, write down in your journal the thoughts that come to you. Be sure to do this daily.

Since you have already received an all sufficiency of supply (all that Infinite Spirit has is yours now), you can prove this Truth to your deeper mind by sharing your supply on a regular basis while you are working with the Plan. Giving is an esoteric science that never fails to produce results if it is done with love and joy, because the Law will shower you with a multiplied return. But if you share as a mechanical and calculated method to please The Gods and Goddesses, unload guilt, meet a sense of obligation, and play a bartering game with Spirit, no one benefits, not even the receiver. Give with love, joy, and a sense of fun, and the windows of the heavens will be thrown open with a blast!
