

16-Jun-08 Meeting Minutes

Opening

Introductions for all participants.

We thank Henry Nowak, Director of the Colorado State University Entrepreneurship Center, for providing the venue. Refreshments were generously provided by Ann Harding Leffler-Re/Max and Steve Boulter-Developer-CartCam.

Round 1 Presenters

Name: Roger Dirstine, VP Operations

Company: Heartland Renewable Energy, LLC.

Contact: rdirstine@heartlandrenew.com

Product: *Heartland Renewable Energy's focus is on the delivery and operation of Large-scale biogas production plants that capitalize on a new anaerobic digester technology that efficiently converts organic wastes into methane-rich biogas to supply pipeline-grade gas (clean methane) to North America's natural gas gathering and gas distribution systems while reducing the environmental impacts of waste streams on our air and water resources*

Need: Investors

Name: Steve Boulter

Company:

Contact: skirkboulter@gmail.com

Product: *CartCam 1.0, mobility device and monitoring system using video conferencing and telemetry capable hardware and software for physical rehabilitation. CamCart is envisioned to be an electrically powered, 'drivable' support platform for use by mobility impaired individuals in combination for rehabilitation, and/or for practical transportation. It is a joystick controlled, wheeled device providing graduated adjustment of lift to the user for adjustable weight bearing ambulation. It is fitted with PlaceCam video conferencing capability that provides real-time video observation of the user by remote rehabilitation consultants, live training, and the ability to transmit patient vitals, measurements of weight bearing, stride, and other user parameters*

Need: Manufacturing Prototyper and an Alibre CAD experience designer

Networking

20 minutes of exchanging help and ideas

Review of progress by previous presenters and alumni

Round 2 Presenters

Name: Russell Thomas, President

Company: Thomas Engine Company

Contact: rthomas@thomasengines.com

Product: *Variable compression engine*

Need: Interested collaborators in designs for improved internal combustion engines efficiencies

Name: Bert Vermeulen, Owner,

Company: *Corp21*

Contact: bert@corp21.com

Product: *Corp21 is a business development consulting service, with a complete list of services provided at www.corp21.com*

Close and Networking

Follow-up networking and conversation with presenters
