

**We are now taking ALL of our intentions  
and we are sending them up and out in a whirling pillar  
of white light spreading out to the Universe  
to shake the cosmic web and  
bring the highest manifestation of our intentions to us.**

**We see the whirling pillar of white light of  
our intentions also going down through the floor beneath us,  
spreading to the whole Earth and into the Heart of the Earth who  
supports our manifesting.**

**Each of us may now silently invite and invoke any Beings we  
choose,  
to assist in the highest manifestation of our intentions,  
and we accept their help.**

**We invite and invoke the infinite power of Creation, which is  
Divine Grace, to manifest our intentions from the field of  
infinite possibilities.**

**In order to manifest, all of our intentions  
WILL serve the highest good of the Universe,  
ourselves, and all others, including our beloved planet Earth, for  
whom we intend all good of every kind.**

**And we ask that these intentions  
or something better return to us  
manifested perfectly for the  
life, health, wealth, and wellbeing of all concerned.**

**SO BE IT, AND SO IT IS!! IT IS DONE, IT IS REAL. WE REJOICE,  
APPRECIATE, CELEBRATE, ACCEPT, AND ALLOW.**
