

# Join Us For Dinner!

Please join the Republican Liberty Caucus on March 28, 2009 as we welcome Dr. Lawrence W. Reed, president of the Foundation for Economic Education. He will be giving a speech on the Federal Reserve and "Great Myths of the Great Depression."

National radio host **Mike Church** from Sirius Patriot 144 and XM American Right 166 will be addressing our attendees and emceeding the event.

Considering the current economic and constitutional crisis this is a "must attend" event for all liberty-minded individuals. Join us as we come together to restore individual liberty, limited constitutional government and free-markets.

## REPUBLICAN LIBERTY CAUCUS NATIONAL CONVENTION BANQUET

The Republican Liberty Caucus (RLC) is a nationwide grassroots organization committed to returning the Republican Party - and through it, the American people - to the principles of individual rights, limited government, and free enterprise. We don't just talk about the issues. We act on them and encourage as many people as possible to take an active role in government on any level possible (because even the smallest act by an individual can have a far-reaching positive impact). To learn more about the RLC visit [www.rlcnf.org/about](http://www.rlcnf.org/about)

The RLC is hosting a state and national convention March 27-29, 2009 in Jacksonville, FL. As part of the convention, the RLC will be hosting an open invitation banquet on Saturday, March 28, at 7:00pm.

You do not have to be a member of the RLC to attend the convention or banquet. Please visit [www.rlcfl.org](http://www.rlcfl.org) for additional details on the full convention.

**Date:** Saturday, March 28, 2009

**Time:** 7:00pm
