

Republican Liberty Caucus

What is the RLC?

We are a coalition of traditional conservatives and liberty-minded Republicans working within the Republican Party to promote individual liberty, less government and state and national sovereignty. We advocate for strict adherence to the United States Constitution in accordance with the original intentions of its framers.

One thing that differentiates us from most conventional Republican Clubs – is that we are not afraid to hold our elected officials accountable and to point the finger at our own party in an effort to keep those who represent us, principle-oriented and value-driven. Essentially we are a Caucus that believes in principle before party – always.

Lt. Governor Kottkamp will deliver a talk on State Sovereignty and the role that the Attorney General has in protecting Floridians from unconstitutional actions by the federal government. There will also be an opportunity for members and guests to ask questions and learn more about the role of our State Attorney General.
