

RLC Meeting - Tuesday, January 4th 2011

It's All About Liberty!

Take it Back!

Have you had enough of government bailouts, housing bubbles, rising unemployment, taxes and a political class and media who refuse to address your concerns? Discover the RLC - The Republican Liberty Caucus of Northeast Florida - A group of patriots with a plan to Take Back our Cities, our State and our Republic.

Many Republicans, Conservatives and Tea Partiers are in agreement on the appropriate role of government here at home but hold differing views on the appropriate role of government when it comes to foreign affairs. Join us at our Tuesday, January 4th meeting when we welcome author, musician and national speaker Tom Mullen as our featured guest. Tom will use the arguments of Thomas Jefferson to make the case for applying the principle of liberty to ALL government affairs – both foreign and domestic.
