

Are you ...

Scared of Obama? Don't trust McCain?

Then, we have a solution.

VOTE

I am Chuck Baldwin candidate for President of the United States of America running on the ticket of the third largest party in the U.S. - The Constitution Party.

Unlike our opponents, Darrell Castle (VP Candidate) and I respect traditional marriage and are outraged that a California court can overturn the vote of our citizens based on their personal views.

Unlike our opponents, we will protect American Citizens from the onslaught of illegal aliens.

Unlike our opponents, we will secure the borders as required by Article IV of the Constitution.

Unlike our opponents, we will not keep ourselves and our children enslaved to foreign oil.

Unlike our opponents, we respect life. If the ProLife legislators in Washington were truly ProLife, 48 million children would be alive today.

Unlike our opponents, we will not allow treaties that force American businesses and workers out of work.

Unlike our opponents, we will not, under any circumstances promote or help the building of a North American Community which has already hurt our economy, grabbed private land, and usurped our own freedom-securing Constitution.

Your neighbors, your sons, your daughters, your children and the next generations are counting on you to vote.

Vote Tuesday, November 4

Vote to keep The Land of the Free

1-888- USA1 -911
