FastStone

FastStone Image Viewer An image browser, converter and editor that supports all major graphic formats including BMP, JPEG, JPEG 2000, GIF, PNG, PCX, TIFF, WMF, ICO and TGA. It has a nice array of features such as image viewing, management, comparison, red-eye removal, emailing, resizing, cropping, color adjustments, musical slideshow and much more.

FastStone MaxView

A tiny, very fast and innovative image viewer that supports all major graphic formats. Its intuitive layout and commands allow everyone, from beginners to professionals, to view and manipulate images quickly and efficiently.

FastStone Photo Resizer

An image converter / resizer intended to enable users especially digital camera owners to convert, rename, resize, crop, rotate, change color depth, add text and watermark to images in a quick and easy BATCH mode.
