Love to be active, travel and make friends?

Minty Trips was set up by two young Londoners, both infected with the travel bug; both absolutely captivated by the beauty of the UK.

We enjoy active time outdoors, exploring the wonderful country of Britain and making friends along the route.

From our previous trips?
We strolled along the beautiful coast in Cornwall, came face to face with the highest peaks in England and Wales, relaxed doing nothing on sandy beaches, enjoyed colourful autumns in English countryside, tasted fine cheeses and ciders in Somerset, got our adrenalin going in outdoor centres!

All young at heart are welcome, come alone or with friends :)

Yours Eva & Jakub
