

Name of the apartment complex is called Archstone. It is a huge complex. There are two gates to get into the complex with your car (one on the left end and one on the right end of the complex on Hope Drive). The gate to get in is the one on the right if you are facing the office. The gate code is 9900. Once you get past the gate, keep driving down all the to the end, and park your car anywhere that is not covered. My building number is 1648. And the apartment is on the 3<sup>rd</sup> floor (#1232).
