

October: Life Stages

Thursday October 22, 2009 7 pm
NCGR-NY Library

AGENDA (1h 45m)

- Introduction round robin: state your name & favorite part about aging (so far) (15m)
- Review agenda. Note tonight only transits. Secondary progressions & solar arcs great too if more personal.
 - Gather common clichés about certain ages (10m)
- Review psych development, general life stages 0-7, 14, 21, 28, 42, 50, 56, 64 (20m)
- Outer planets, their cycle length + speed [Pluto slowest through Taurus, fastest through Scorpio] (20m)
 - Share and fill out handouts' grids (20m)
- Discuss typical aspects between planets from 0–84 for Notes (20m)

CHILD	Notes	Mercury <i>1 year</i>	Venus <i>1+ years</i>	Mars <i>22 months</i>	Jupiter <i>12 years</i>	Saturn <i>29 years</i>
