Success Team for Solo Entrepreneurs

**When the stresses and pressures of business get you down,
how do you overcome the resulting procrastination?**

Napoleon Hill in his book "Think and Grow Rich" revived the concept of "master mind". He defined it as "the coordination of **knowledge and effort** in the spirit of **harmony** between two or more people for the attainment of a definite **purpose**". A great definition for a Success Team!

Do you have a purpose that you want to move forward? Take charge of your situation and join this **Success Team** and experience the support, encouragement and accountability that will ensure that

- Your income is increasing
- Procrastination has stopped
