## The Oneness Blessing

**SUNDAYS at 5:30 PM**

*Starting Sunday, February 28, 2010*

**Hosted at the Center of Motion**

The *Oneness Blessing* (also known as *Deeksha*) is a transfer of divine energy which accelerates the awakening of consciousness and the flowering of the heart.

For more information , please visit:

The *Oneness Blessing* has the ability to improve every aspect of your life experience. Spontaneous feelings of joy, inner calmness and connection to the oneness in everything may occur.

It supports and welcomes every spiritual path, background, or belief.

The blessing is transferred by oneness facilitators (blessing givers) by placing their hands on the crown of the head. They will work as an empty vessel for this energy to flow and transfer to the recipient.

Facilitators have received this transmission of divine energy during a special process in India and various locations worldwide.

Everyone will receive multiple blessings.

*Love Offerings are gratefully accepted.*
