

# Raga Mala Music Society of Calgary & University of Calgary Bollywood Club proudly present the screening

A beautiful film that brings the artistry and origins  
of India's Raga music alive.

## Raga Unveiled india's VOICE

The History and Essence of North Indian Classical Music

*Raga Unveiled* is a most inspiring and sweeping look at the entire "architectural brilliance" of a musical system that gave birth to this most wonderful and profound musical art form. For the first time on film, eloquent commentaries by musicians, Vedic scholars, and musicologists join hands with spectacular cinematography, intoxicating spectrums of sound, and rare archival footage resulting in a grand synthesis to honor this music in its entirety.
