# Join us this year for the Pagan Spirit Gathering!

Pagan Spirit Gathering (PSG) is one of America's oldest and largest Nature Spirituality festivals. Since its inception in 1980, PSG has been bringing together hundreds of people from throughout the United States, plus other countries, to create community, celebrate Summer Solstice, and commune with Nature in a sacred environment.

Sponsored by Circle Sanctuary, PSG is open to long-time practitioners as well as newcomers of a wide range of Nature religion traditions. PSG is an opportunity for personal renewal, networking, education, and cultural enrichment.
