

First Annual “Catch a Cure for Cancer” Motorcycle Ride to benefit early cancer-detection research at Fred Hutchinson Cancer Research Center.

Please join us for a ride on Saturday, July 18 that leaves Downtown Harley (3715 E. Valley Road, Renton WA) at 10:30AM. Registration starts at 9AM. We will be traveling the back roads through the Cascade foothills from Issaquah to Fall City near Snoqualmie Falls on to Monroe ending at the *Brotherton Family Fun Fest* at Brotherton Cadillac, Pontiac, Buick, GMC in Renton (215 SW 12th Street, Renton, WA). Brotherton is clearing the lot of his Renton dealership, turning it into a Carnival – with special guests from the Sounders and Seahawks, kids and adults can participate in sports clinics, play games, enjoy fun, food, and more.

Registration for the ride is \$40 which includes a T-shirt, lunch and other activities.

Proceeds benefit Catch a Cure for Cancer – an annual fundraising campaign lead by The Moyer Foundation to benefit *The Gregory Fund*[®] for early cancer-detection research at Fred Hutchinson Cancer Research Center. The Moyer Foundation established The Gregory Fund in honor of Gregory Chaya, a little boy the Moyers met in 1993 who fought and won his battle with leukemia. The single most important step to curing cancer is to catch it early - no child, no family should have to suffer.

For further information about the ride go to www.bikersforchildren.com

Let's ride the back roads and help *Catch a Cure for Cancer* in the process.
