

We Surround Them - Frederick MD

www.WeSurroundThemFrederick.com

This is a gathering of citizens who are concerned with the direction our elected (and unelected) "representatives" are taking us. We believe that the individuals, who started our nation and the documents they crafted, contain the answers we need to solve today's problems. We believe one should always ask, "By what authority does the constitution give to...?"

Our purpose is to form a group of likeminded citizens to:

- Advance our understanding of the "how & why" related to the founders original intent of our government and how this relates to what we're experiencing today
- Come up with practical ways for us to begin discussions and increase awareness of these topics with friends, family, neighbors, etc.
- Hold officials accountable to their oath to support and defend the Constitution
- Proclaim the founders vision that:
 - Powers delegated to the Federal government are few and defined
 - Powers remaining in the State governments are numerous and indefinite

We are a non-partisan group and believe that both major parties have been a large part of the problems we face today. These parties have proven to serve their interests instead of the interests of the people. We welcome all people to the group regardless of past or current political affiliation. We also welcome (and encourage!) current and aspiring politicians to join the group. The only requirement is they must check their politician hat at the door and enter the group as a citizen.

The spirit of the group is to bring us all back to the place we were on September 12, 2001. The day after America was attacked we were not obsessed with Red States, Blue States or political parties. We were united as Americans – mainly as people who chose to simply do what was right.

If you adhere to at least 6 out of 9 of the following principles, then please consider joining our group. The 9 principles are:

1. America is good.
2. I believe in God and He is the Center of my Life.
3. I must always try to be a more honest person than I was yesterday.
4. The family is sacred. My spouse and I are the ultimate authority, not the government.
5. If you break the law you pay the penalty. Justice is blind and no one is above it.
6. I have a right to life, liberty and pursuit of happiness, but there is no guarantee of equal results.
7. I work hard for what I have and I will share it with who I want to. Government cannot force me to be charitable.
8. It is not un-American for me to disagree with authority or to share my personal opinion.
9. The government works for me. I do not answer to them, they answer to me.
