

Milwaukee PHP Users Group

1 Year Anniversary

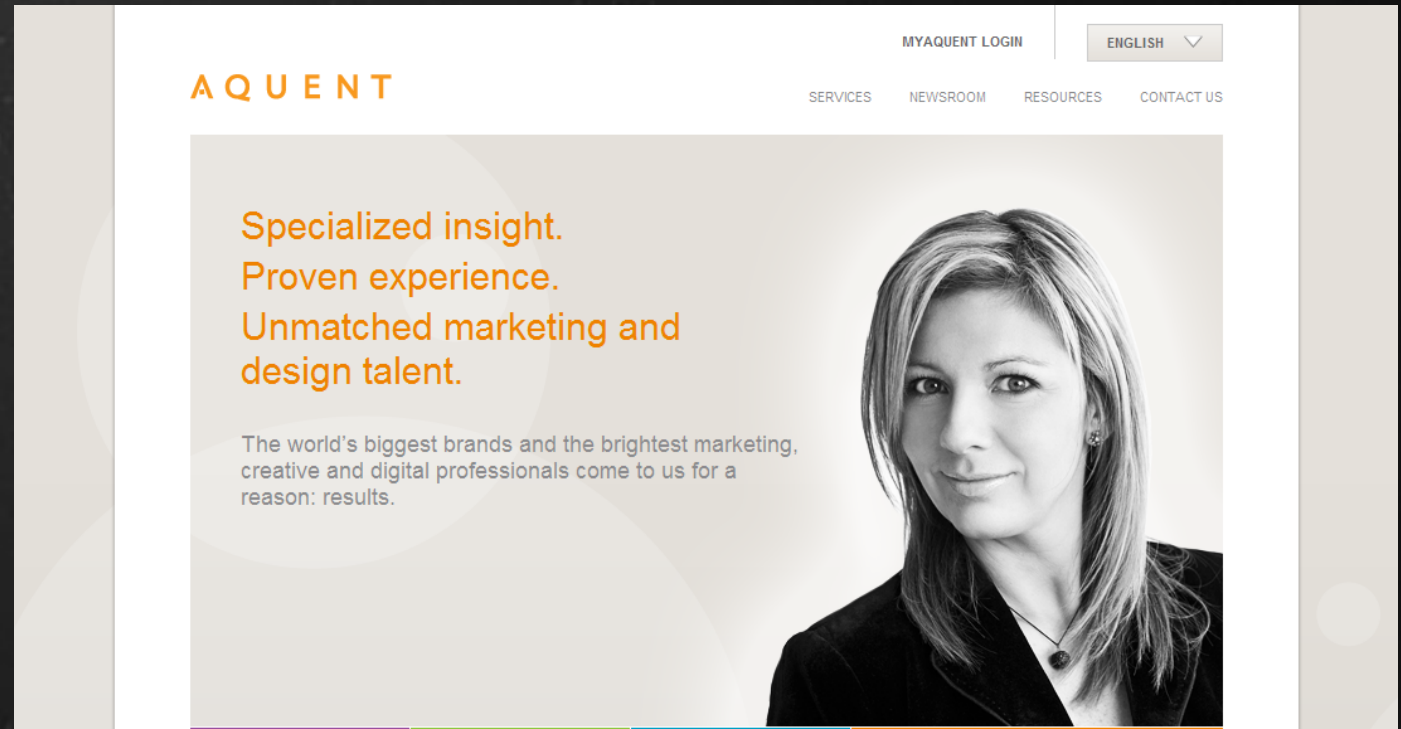

Agenda

- Sponsor Intro
- Introductions
- MKEPUG year in review
- MKEPUG going forward
- PHP in the next year
- Pete

Sponsor

Aquent

<http://aquent.us>

The screenshot shows the Aquent website homepage. At the top right, there is a navigation menu with links for "MYAQUENT LOGIN", "ENGLISH" (with a dropdown arrow), "SERVICES", "NEWSROOM", "RESOURCES", and "CONTACT US". The Aquent logo is prominently displayed in orange. The main content area features a large, light-colored background with a portrait of a woman on the right. The text on the left reads: "Specialized insight. Proven experience. Unmatched marketing and design talent." Below this, a smaller line of text states: "The world's biggest brands and the brightest marketing, creative and digital professionals come to us for a reason: results."

They paid for food / drink. Talk to them!

Introductions

Members - who are you?

- Your name
- Your day job
- Your night job (if it doesn't involve \$1 bills)
- Your first MKEPUG meeting experience / why you're here
- One unique fact - not the same as everyone else here

MKEPUG Year in Review

- Started in January 2010
- 18 meetups in a year
- Sponsors / not sponsors
- Websites
- Library
- Cross meetup promotion / participation
- Organizers

MKEPUG Upcoming Things

- More Cross Promotions
- Need for volunteers / speakers
- More nationwide
- More one off specials (zf, etc.)

PHP in the Next Year

PHP 5.4

- 35% memory footprint decrease (Gutmans ZendCon)
- Traits
 - Meant to solve the problem of multiple inheritance
- nginx FPM patch
 - technically meant to start/stop fastcgi
- APC integration in core
- Scalar type hints / strict typing

WHAT ELSE??

And now Pete

Well a break first...
