Intro: Em - A - D - Bm7 - Em - A - D

Em            A                    D  
Take my hand,      I'm a stranger in paradise,

D            Em            Gm            D  
all lost in a wonderland,      a stranger in paradise.

D            Em            A                    D  
If I stand starry-eyed      that's a danger in paradise,

D            Em            Gm            D  
for mortals who stand beside      an angel like you.

A = 2100  
B7 = 4320  
Bm7 = 2222  
Cm = 0333  
D = 2220  
D# = 3331  
Em = 4432  
F# = 2120  
Gm = 0231  
Gm7 = 0211

D Gm7                    D#  
I saw your face and I ascended,

D#            Cm            D            Gm  
out of the commonplace into the rare.

Gm F#                    Bm7  
Somewhere in space I hang suspended

Bm7 Em                    D B7  
until I know there's a chance that you care.

B7                    Em            A            D  
Won't you answer the fervent prayer      of a stranger in paradise ?

D            Em            A            D  
Don't send me in dark despair      from all that I hunger for.

D            Em            A            D  
But open your angel's eyes      to the stranger in paradise,

D            Em            Gm            D    Em Gm D  
and tell him that he need be      a stranger no more.
