

## **Inner tube blues- Dave Ellis with inspiration from Squier Red**

Floatin' on the ocean, on my inner tube,  
I got the inner tube blues.  
Driftin' off to sleep from the rockin' motion,  
I got the inner tube blues.  
Driftin' out to sea,  
Just my tube an' me,  
I got the inner tube blues.

Drifin' far from land, on my inner tube.  
I got the inner tube blues.  
Wond'rin where I am, cos I can't see the sand,  
I got the inner tube blues.  
Driftin' out to sea,  
Just my tube an' me,  
I got the inner tube blues.

Think I sprung a leak, in my inner tube,  
I got the inner tube blues.  
Headin' for the bottom of the bright blue sea,  
I got the inner tube blues.  
Relaxin' is forgotten,  
I'm headin' for the bottom,  
I got the inner tube blues.

Fishes swimmin' round, in the bright blue sea,  
I got the inner tube blues.  
Things 'ain't lookin' good for my tube an' me,  
I got the inner tube blues.  
Sinkin' in the sea,  
Just my tube an' me,  
I got the inner tube blues.

Swimmin' to the sun, I left that tube behind,  
I got the inner tube blues.  
Gonna, miss that tube, it was a friend of mine,  
I got the inner tube blues.  
Done floatin' in the sea,  
Just my tube an' me,  
I got the inner tube blues.
