

Verify The Recall

Protect the integrity of Wisconsin's elections!

www.VerifyTheRecall.com

We have all been hearing reports of duplicate signatures, questionable practices, and *downright fraud* in the gubernatorial recall effort. In the last few weeks, there has been a public outcry to build a system to check the submitted signatures after learning that the Government Accountability Board (GAB) will assume all signatures are valid unless challenged as otherwise. The integrity of Wisconsin's elections and associated processes are at stake; free and honest elections - the cornerstone of our political process - are being threatened.

In response, We the People of the Republic and The Wisconsin Grandsons of Liberty (two Wisconsin Tea Party groups) have teamed up to organize an effort **to check the validity of ALL signatures submitted in the ongoing gubernatorial recall!** Software has been developed that will help identify duplicate signatures and other signature irregularities (questionable addresses, etc.). Additionally, individuals will be able to look up their name and address on a website to see if they have been included as a petition signor. By taking such efforts, we will be able to protect the integrity of Wisconsin's elections by ensuring that only legitimate Wisconsin electors are counted - once - as signors of petitions!

We are assembling a grassroots team of volunteers to assist with data entry into the database. There will be more than half a million names to enter into the database... Thankfully, **we have already enlisted over 7,400 volunteers** from across the State of Wisconsin and America! All data entry will occur online, so volunteers will be able to enter data into the database from the comfort of their own home.

Additionally, Verify The Recall has announced a "No Sign" Registration list. If you did not sign a recall petition but are worried about your name (or address) being used as a signature on a recall petition, you may add your name and address to our No Sign Registration. We will contact you if your name and/or address is found on a recall petition, at which point you may challenge the fraudulent signature. **Over 20,000 Wisconsinites have already added their name and address to this list!**

Verify The Recall a project which is undertaken in an effort to ensure the integrity of Wisconsin's elections and associated processes. The project is an independent, non-partisan effort led by Tea Party groups in Wisconsin. In no way is this project affiliated with, or in communication with, any candidate or public official, or with any campaign. This project does not endorse or oppose any public officials or candidates for public office.
