

LET'S TALK ABOUT... WEB DESIGN!

The Prescott Web Design Meetup provides a friendly atmosphere for local designers to network, share knowledge and resources, and discuss industry trends.

If you are new to web design, this can be a great opportunity to learn more about advanced design topics such as developing dynamic database-driven websites, applications for the web, and advanced Flash components.

Learn the realities of the web design business from working professionals... from establishing a portfolio and marketing yourself as a consultant to dealing with the common problems you encounter with clients.

We welcome all ages and experience levels! Whether your interest is basic site design using HTML and Javascript, advanced design and programming using PHP, MySQL, ASP, and .Net, or web-based graphic or multimedia design with Flash... this is the group for you!

Becoming a member is a easy and absolutely FREE!

Visit www.prescottwebdesignmeetup.com for the link to the main meetup.com portal. It only takes a few minutes to Register and join our group. Afterwards, you can vote on the venue for our meetings, create a profile, and access our discussion board!

Monthly Meeting:

2ND THURSDAY OF THE MONTH AT 7:30 PM

For more information visit www.prescottwebdesignmeetup.com or Call Group Organizer Kerry Wilson at (928)379-0770
