Hope for America in the County Sheriffs

This might be the only movement that can make a real difference to get freedom back in America!

Watch: Richard Mack: The Untouchable Bill of Rights:

http://www.youtube.com/watch?feature=player_embedded&v=n4ygEk7lvvg

Former Graham County Arizona Sheriff Richard Mack, addresses the sheriffs Monday morning and covers, among other things, his lawsuit against the Southern Poverty Law Center, how the 8th Amendment's forbidding excessive fines and cruel punishment was his big awakening, (He asks if we think the \$7BILLION collected annually from radar gun tickets is excessive enough.), the oath of office, the Bill of Rights and its origin, EPA fines, federal over reach, SWAT team abuses, the 10th Amendment, Nullification, Federal Judge John Roll, and much much more.

"We swear an oath, can't take our job unless we do. But, then we don't have to keep it. Really, that's what we're gonna decide... is if we do." Mack explains that he was fortunate to have support from a national organization to take and win his case before the Supreme Court but that "90% of the people in America cannot even touch that system. They don't have the time nor the money to reach, even think about reaching that system. And so you want to tell the citizens, for their rights to be secure, go to the courts. To a completely unreachable system." And when the people go to their sheriffs, they're told, "Go get a good lawyer. And there's your justice system America. Go get a lawyer and go ask the courts to take care of you. Do any of you really think that the founding fathers intended for our American system to be based on freedom, individual liberty decided by the US Supreme Court? And that's the only place you can get it? I hardly think so."

NOTE: The post event feedback surveys clearly indicated that this kind of training on the Constitution was the number one component that sheriffs wanted more of.

On January 30-31, 2012 over 100 county sheriffs and peace officers, from over 30 states, united to uphold their oaths of office, protect citizen liberty, and stop state and federal tyranny. Inspired and led by the example of former Graham County Arizona Sheriff Richard Mack, the meeting, which was held in Las Vegas, was funded by the generous donations of thousands of Americans from all fifty states, as well as the support of freedom loving sponsors.

The agenda included training on the Bill of Rights, Interposition, Nullification and the importance of Property Rights versus Privileges. Many sheriffs, a police chief and even a county commissioner shared their experiences, challenges and actions taken to uphold their oaths of office, directly with the sheriffs in attendance.

The videos of these presentations are shared here on the County Sheriff Project YouTube channel. We hope that you will share these videos with your own county sheriff and all the oath takers in your county. This project is easily the most important movement in America right now and for the immediate future.

This year, 2012, will make or break the back of FREEDOM IN AMERICA. There is no other action with the answer to immediately protect the residents of this land from tyranny by the criminals in the Federal government. That's not all those who work for the federal government but very many of them.

I will support this movement with my time, and every dime I can spare before any other cause. The reason is that I like to do battle with issues where I think something can be WON for a change.

Sheriffs can STOP FEDERAL TYRANNY COLD IN IT'S TRACKS, and the feds know it and are backing off when the sheriff stands up with his posse.

So if you think the US Constitution is dead because the judiciary says it is, think again. The US Supreme court says it's NOT in the Mack/Printz decision: <http://www.sheriffmack.com/>

Sheriff Mack has been screamed at by the Southern Poverty Law Center and he has filed a lawsuit against them for various causes. He should use how loud they are screaming at him for a direct yardstick as to his effectiveness. In fact he should wear that abuse like a badge of honor. I would not be happy if the SPLC was not screaming at me if I were in his

position.
