

RON PAUL IS THE CHOICE OF THE TROOPS

2/21/2012

Everyone,

The events of the past year with drum beats for war with Iran and a WW3 scenario keep getting worse. It was very good to see so many of our troops converge on Washington, D.C. last Monday, to send a message not only to D.C., but the entire world.

Ron Paul is the choice of American troops!

There are far too many war hawks running for office in our great nation. And, our nation simply CANNOT afford yet ANOTHER WAR BASED ON LIES. Considering all the lies that Bush used to lead us into Iraq and kill over 1 million brown people, I cannot remain silent on this new potential WW3. I hope you will not remain silent either. We have a web link you can use to phone call or email Congress:

More of our troops die from suicide than combat injuries. Few Americans appreciate our troops. I have studied this war mongering element of our society for over 3 years. I made a DVD on it called, "Iraq Veterans Against War". If you ever watched it, you'd cry. It is testimony from our own troops about the madness of insane wars based on lies.

When I heard about Adam Kokesh and his recent call for the troops to march on D.C. this past Monday, I very much looked forward to the footage. Luke Rudkowski covered this march as well. I'll include video links here if you have not seen it. There is far more video to be posted, but this list gives you a good idea on where to look to find coverage. You won't find it on the lying corrupt corporate media.

I also found an exceptional article written on the consequences of invading Iran for our nation. I've posted this article to our meetup. You can download, read, and post it everywhere you can.

Here is a short list of videos on the recent President's Day march. I'll include this email as an Adobe PDF as well so you can simply download, attach, and forward this PDF file to any email list you wish. Add whatever additional video links you find to help wake your fellow Americans up before it is too late.

I've also read quite a few articles recently that are claiming the fate of war with Iran will be decided this March 5th when the prime minister of Israel meets with our president. You can find those links below should you wish to read them. Iran is NO THREAT to the United States or Israel either. Anyone that studies these issues with a well rounded knowledge of real history, will most certainly come to the same conclusion I have.

The criminal banking elite NEED a massive war to distract the world public from their planned implosion of the entire world's economy. And, there has been a plan for 3 world wars for over 150 years. Wars are used to mold world society into an eventual One World Government, often called the New World Order. The criminal banking elite care not how many human beings need to be slaughtered to get their New World Order. American troops are just dumb stupid animals to them. This is a direct quote from Henry Kissinger, one of the criminal banking elite's public minions. Since they now own the corrupt corporate media, **it is left to the citizens to ring the WARNING bell via the internet.**
