

Love Arrives – Bill Morrissey

E
Love arrives in a big white Cadillac
A **E**
Love slips in through a screen door in the back
It don't matter what you do
F# **A**
When love comes to call on you
E **B7** **E**
It's a big world and you're just passing through

E
Love arrives with tickets to the ball
A **E**
And love stands with his hat in his hands in your own front hall
You're not alone, it's true
F# **A**
When love's made a fool of you
E **B7** **E**
It's a big world and you're just passing through

A
Baby, now you can't stop it
E
You can't shake it
B7
You can't top it
E
And you can't fake it
A
It can not be sold or bought
F#
And it's coming after you now
A **B7**
Ready or not

E
Love arrives with confidence and style
A **E**
And love comes in slapping the dust off all the miles
So don't be sad and blue
F# **A**
To night it's just me and you
E **B7** **E**
It's a big world and we're just passing through
