REJUVENATORS

NuAge™ (Anti-Aging) Serum: Clinically tested, found to produce numerous benefits within 4 weeks:

- Increased skin suppleness - 96.2%
- Firming effect - 69.6%
- Decreased wrinkles - 45% -55%
- Nasolabial fold less visible - 50.5%
- Restores elasticity - 76.9%
- Evens skin tone (reduced pigment irregularity) - 78.2%

Amethyst Serum: Mineralizes, plumps and deep moisturizes.

Perfection Serum: Brightens the skin, repairs sun damage & lightens brown spots by over 80% in a clinical study.

Smart Serum: Identifies and corrects numerous skin problems caused from stress, sun, free-radicals, chemicals, aging, irregular pigmentation and inflammation.

VitalEyes™: Soothing gel assists with repair, prevention of sagging skin, fine lines, wrinkles around eyes & lips. Clinically proven to firm & tighten up to 200% with long-term strengthening of connective tissue.

Vitality Serum: Intensifies repair of dry skin with five-times more moisture retention in drier, colder weather.

MOISTURIZERS & SKIN PROTECTION

AcneT_x™ Repair Lotion: Clinically tested. Oil-free, medicinal treatment keeps pores clean for 6-8 hours between cleansing. Stimulates new, smooth cell growth.

Argan Gold Moisturizer: Boosts skin's regenerating abilities. Repairs and protects against dryness and external aggressions; for normal and sensitive skin types.

CoQ10 Moisturizer: Moisturizing magnets hydrate, protect epidermis while increasing moisture-binding ability by 180%. Clinically tested bamboo complex, CoQ10 antioxidants & Omega-3, 6, 7, 9 essential fatty acids increase collagen health / fortify cellular metabolism. Normal, dry skin.

Correct 'n Balance™: Prevents premature aging, encourages oil/moisture balance. Ideal for normal, oily, acne-prone skin. Layer under other moisturizers for dry skin. Restores sun-damaged skin.

Ageless SPF25 Day Cream: Anti-aging moisturizer protects/repairs. Use alone or over CoQ10 or Serums. Meets all UVA/UVB Protection Guidelines.

Silver Glacier Lotion: Glacier minerals and colloidal silver provide relief for redness or irritation. Balances combination skin. Men love this moisturizer after shaving.

1 – Cleanse 2 – Mist 3 – Moisturize 4 – Firm 5 – Sun Protection

1 – Cleanse / Exfoliate

Chae offers cleansers for every skin type & condition according to what your skin loves best. Product information on reverse. **Directions** : Night cleansing is vital for removing makeup & toxins. Morning cleansing promotes optimal uptake of moisturizers & nutrients. Massage small amount onto skin with light circular motion. Leave on skin up to one minute for a “deep cleanse”. Rinse with warm water or remove with damp cloth. Use **Ajai Polishing Complex** once or twice a week as an exfoliating scrub. Exfoliation can replace morning cleansers if you removed makeup the night before. Use **Glacier Silt Treatment** as a facial masque. Apply scrub or masque before morning shower /bath; remove at the end of bath. Use **Glacier Silt Treatment** daily for problem conditions per additional information available at www.chaeorganics.com

2 – Mist / Tone

Oxygenating tonics & flower water infusions are ideal immediately after cleansing to prepare skin for next step. Apply for a renewing boost any time during the day. Hold 12 - 18" from face & spray lightly (drenching is not better). No need to dry skin prior to next step.

3 – Serums / Moisturizers (Chae provides choices for each skin type and condition)

Serums are formulated to be sheer & immediately release cosmetic nutrients, as compared to **moisturizers** which are designed to release nutrients slowly while maintaining protection on skin's surface. Optimal treatment may be a different serum / moisturizer in the morning versus evening. For example: apply the appropriate **serum** followed by your ideal **moisturizer** - **CoQ10** or **Argan Gold Moisturizer, Silver Glacier Lotion,** or **Ageless SPF 15 Day Cream** (Step 5). If you want the ultimate anti-aging, firming treatment, layer a **seasonal serum** and **moisturizer** under **NuAge™ Serum**.

4 – Rejuvenate & Firm

VitalEyes™ firms / tightens eye area up to 200% with firming, lifting film that provides optimal results when applied after other serums or moisturizers. It can be slightly sticky for a minute as natural ingredients penetrate. Apply morning and evening. **NuAge™ Serum** provides immediate visual benefits while regenerating aging skin. To immediately feel and see maximum skin firmness, apply each morning after serum and/or moisturizer per Step 3. The serum's anti-aging ingredients will penetrate through Chae's all-natural moisturizers.

5 – Sun Protection

Skin needs sun protection all year long as you enjoy the outdoors. This elegant anti-aging moisturizer should be applied as a final step over serum(s). Very seldom is additional moisturizer required under **Ageless SPF 15 Day Cream**.
