

Scrapbook Event

Braylon Touched My Heart

Join us for a scrapbook fundraising event to make a difference in the heart of a child. All event proceeds will be sent to: C.S. Mott Children's Hospital, The Braylon Foerster Research

"It is estimated the 40,000 babies with Congenital Heart Defects (CHD) are born in the United States each year." (American Heart Association: Statistical Update 2001)

Braylon Allan Foerster was born as one of these babies inflicted with a heart defect. Kim and Brett, Braylon's mom and dad, loved and cared for him with unbelievable faith and insurmountable courage . . .

AMAZING is how they are described by many.

Braylon now runs with the angels.

He is missed by all who were blessed to know him and his remarkable family.

Your donation will help carry on this beautiful boy's legacy.

March 16-17, 2007
Colonial Valley Suites, Davison—Michigan
