The L'EQUIP RPM Blender features a one-of-a-kind tachometer, showing variable speed from 500 to 20,000 rpm's. With the tachometer embedded in a uniquely shaped, hand-polished, brushed metal block base, this is one kitchen appliance that is sure to take center stage in the kitchen!

The powerful commercial style R.P.M. Blender mirrors those in juice bars and features a 900-watt motor, heavy-duty polycarbonate pitcher, stainless steel blades, zero-leakage rubber lid, smoothie stick and funnel cone for adding oils. It is UL/CUL approved, and offers a six-year warranty.

L'EQUIP® Model 228 Blender

Performs Four Key Food Processes

Whole Food Juices

Warms Living Soups
