Dear Friends Around the World,

THE TIME TO ACT IS NOW *to place a public referendum for an impartial, independent and subpoena powered investigation of 9/11 on the New York City Ballot for the November 2009 General Election.*

Thanks to your hard work and dedication, **NYC CAN** has succeeded in collecting over 33,000 signatures, leading all of us to the final phase of this mission.

While only 30,000 signatures are needed to present the petition to the New York City Council for its approval, *our goal is to present 75,000 signatures by the end of June, making it a virtual certainty that the referendum will be on the ballot.*

This initiative is the *tangible result of all your efforts* to keep 9/11 alive in the hearts and minds of the American public. At the height of petitioning in 2008, we collected over 1,000 signatures per day. *With 70 days and 42,000 signatures to go, our goal of 75,000 is well within reach.* We are already in the streets collecting hundreds of signatures every day, but we can only continue and grow that number with your help.

THE TIME TO DONATE IS NOW! If every person who reads this letter acts now to ***become a Member of NYC CAN*** by donating just \$25, we will quickly surpass the \$100,000 required to fund the final phase of the petitioning effort and move that much closer to our goal of 1 Million Members worldwide.

Please join our commitment to answers, accountability and action by standing together and donating what you can - \$25, \$50 or \$500 - today. If we stand as Americans, united as one, we do not simply succeed – *we make history.*

WHILE THINKERS THINK AND TALKERS TALK, PATRIOTS ACT.

The time to act is now: Become a member *now.* Tell all your friends *now.*

Thank you for your continued support.

Sincerely,

The New York City Coalition for Accountability Now www.NYCCAN.org
