### MASTER KIRAEEL

Master Kirael made his presence known to a new generation of lightworkers in the late 1980's. Kirael is a loving spirit guide from the seventh dimension who has committed his light into the Earth plane to help humanity heal, evolve and experience what he calls the "Great Shift" in Consciousness. Brought forth through the mediumship of Kahu Fred Sterling, Master Guide Kirael delivers both ancient wisdom and a path for our future.

Kirael has appeared in this moment of history to fulfill an ancient prophecy – echoed many times throughout the ages – about an evolutionary cycle that began countless centuries ago. It is no coincidence that so many great energies are here at the same time, for this is a moment of extraordinary change and growth.

### Book Review by Lee Carroll, San Diego

Author of the Kryon channeled series, and co-author of The Indigo Children series of best selling books. "I met Kahu Fred Sterling in 1997 when in Honolulu. The first thing I noticed about him was his wise, warm eyes and his inner beauty. We talked about his forthcoming book and I knew that he was destined for great things. I feel we are truly blessed to be gifted with the wisdom, wit and compassion of Master Kirael. The information he brings forth is cutting-edge, and not just a rehash of old concepts. The guidelines, wisdom and insight he gives in his messages are indispensable during these times of great change."
