Steps to Heal for 9/11 Heroes**

Join us in honoring our 9/11 First Responders and Recovery Workers who need our help! Firefighters, EMT's, National Guard and the Army who came to help in the rescue of thousands of people on September 11th, 2001 were caught in the dust cloud filled with many poisons like pulverized cement, glass, lead, asbestos, and other fatal toxins. These heroes are experiencing respiratory illnesses, cancer and death. Their families are crying out for our help. We need to spread the word and raise money to help them and their families.

Unite In Peace is dedicated to Michele Little's brother, FDNY Firefighter David M. Weiss, from Rescue 1, Midtown Manhattan and one of America's heroes who perished in the WTC on September 11th, 2001. David's legacy of brotherhood, unity and service carries on through Unite In Peace.

Unite In Peace gives our youth a choice to voice, the courage to stand up and be counted, understood and honored for their inner wisdom and strength when placed in the midst of adversity.

Unite In Peace supports our youth by creating and implementing peace projects starting at home and sharing the results globally.

Let's acknowledge the service and heroism of our 9/11 First Responders and recovery workers. Together we can expand awareness around the critical and deadly health issues they face.
