

Casey Cares Foundation

Uplifting programs for critically ill children and their families

The **Family Festivities Program** provides families with tickets to sporting events, area attractions, group events, and concerts. We personalize the experience with snacks, disposable cameras, parking, meals, and seating for children that have special needs.

The **Birthday Blast Program** presents each child with a delivery of balloons, flowers or cookies each year on their important day. For children with life threatening illnesses, a birthday is a milestone that deserves to be celebrated.

The **Celebration Vacation Program** supports families by providing customized weekend getaways. Providing stress-free family time, with lodging, food and activities, is what makes Celebration Vacations such a vital program for our children and their parents.

The **Kami's Jammies Program** provides new sleepwear and themed pajama parties to children during their hospital stay. Inspired in memory of a Casey Cares child, this program helps children feel more at home in an otherwise sterile environment

The **Caring Connections Program** encourages Casey Cares families to meet, share and lean on each other while taking part in fun group activities like pirate boat rides, pumpkin picking, sailing lessons, holiday cookie making, and zoo tours.

The **Better Together Program** encourages families who have lost a child to continue participation in our programs for an additional year.

Did you know? Casey Cares Foundation provides ongoing support throughout the many years of a child's active treatment, providing scores of activities for each family during their enrollment in our programs.
