

# Patriots Question 9/11

Many well known and respected senior U.S. military, intelligence and government officials have expressed significant criticism of the 9/11 Commission Report. Many even allege government complicity in the events of 9/11. Listed on this fact sheet are a few brave individuals who have spoken out. Shouldn't we demand to know the whole truth before we sacrifice our treasury and lives for the War on Terror?

## Lt. Col. Robert Bowman

PhD, Director of Advanced Space Programs Development

"A lot of these pieces of information, taken together, prove that the official story, the official conspiracy theory of 9/11 is a bunch of hogwash. It's impossible. ... There's a second group of facts having to do with the cover up. ... Taken together these things prove that high levels of our government don't want us to know what happened and who's responsible."

## Sibel D. Edmonds

Former Language Translation Specialist, FBI

"The public has still not been told of the intentional obstruction of intelligence. The public has not been told that certain information, despite its relevance to terrorist activities, is not shared with counter-terrorism units. This was true prior to 9/11, and it remains true today."

## Raymond L. McGovern

Chairman, National Intelligence Estimates, CIA (ret)

"I think at its simplest terms, there's a cover-up. The 9/11 report is a joke. The question is: What's being covered up? Is it gross malfeasance, gross negligence, misfeasance?... Now there are a whole bunch of unanswered questions, and the reason they're unanswered is because this administration will not answer the questions...."
