

FATHER ARRESTED

JAMES
KAISER

BENJAMIN
KAISER-GRIFFIN

Who is Jim Kaiser?

Jim Kaiser is a real father and a true American.

When the family court system tried to force Jim to send his son to the public school system instead of homeschooling him, as he and his son preferred, Jim told the court NO!

When the court system tried to force Jim to poison his son with amphetamine-based ADHD medication against his wishes, he again told the court NO!

When the court system threatened to take custody away if he didn't comply with the court's orders, Jim did the only thing he felt he could do to protect his son....

He took his son and ran!

Jim is now facing felony charges for protecting his son from the state and standing up for Parental Rights.

Please help protect our kids from abuses of power by the family court system.

"The fundamental theory of liberty upon which all governments in this Union repose excluded any general power of the state to standardize its children by forcing them to accept instruction from public teachers only. The child is not the mere creature of the state; those who nurture him and direct his destiny have the right and the high duty, to recognize and prepare him for additional obligations."

1925 - Pierce v. Society of Sisters

Whose right is it anyway?

The U.S. Supreme Court has ruled time and time again, that the government **may not infringe** parents' right to direct the education and upbringing of their children.

The choice of where to send a child to school belongs to the parents, NOT to the state. The choice of whether or not to medicate a child also belongs to the parents and NOT to the state.

Did the Maricopa County Family court system overstep it's authority and abuse it's power in this case?

You be the judge....

1-27-06 - *"IT IS ORDERED that the minor child, Benjamin, shall continue to attend the public school, until further order of the Court"*

5-8-06 - *"IT IS FURTHER ORDERED that Father shall ensure that Ben is back in school tomorrow and that both parties shall ensure that Ben attends school every day for the remainder of the school year."*

5-11-07 - *"The Court admonishes Father that Ben must attend school and Father must provide the child his medications as prescribed by the child's doctors. If Father is adamant regarding his non-compliance with the Court's orders, Father's parenting time may cease."*

9-25-07 - *"THE COURT FURTHER NOTES that on January 31, 2006, Judge Wilkinson ordered that the minor child would continue to attend public school until further order of the Court."*

"THE COURT FURTHER NOTES that on May 16, 2007, Father was admonished to ensure that the minor child attends school. Father was also ordered to administer the minor child's medications or Father's parenting time may cease."

"THE COURT FURTHER NOTES that there were two Court orders that Benjamin be kept in public school. THE COURT FINDS that Father was in violation of the Court's orders in choosing not to keep Ben in school. Regardless of the fact that Father felt justified in his reasons for violating the Court's orders, Court orders must be complied with, and Father's actions were in direct disobedience of the Court orders."

Will you help Jim stand up for Parental Rights?

Jim Kaiser is currently fighting battles regarding this issue in the Family as well as the Criminal court system.

Jim will not to back down on his position. He is fighting this battle not just for himself and his son, but for ALL parents facing abuses of power by the State.

"We need to let the State know that they don't own our children, and that parents' decisions on how to raise their children rest with the parents and NOT with the State. When they try to take this authority away from us, it is our DUTY as Sovereign individuals to take that power back at all costs."

It's your God-given RIGHT to say "NO!" to any attempts to force State power over your parental power "
