

# Software Development Process

# Is There a Problem with Software Development?

- How is it for you?
- Does it work?
- If not, What doesn't work for you?

# Assuming that it doesn't work...

Do you know why it doesn't work?

# New Paradigm

So what's the new paradigm called?

- Adaptive... otherwise known as....

## *Agile – Real Agile not “Agile”*

- Individuals and interactions over processes and tools
- Working software over comprehensive documentation
- Customer collaboration over contract negotiation
- Responding to change over following a plan
