## VETERANS FOR PEACE

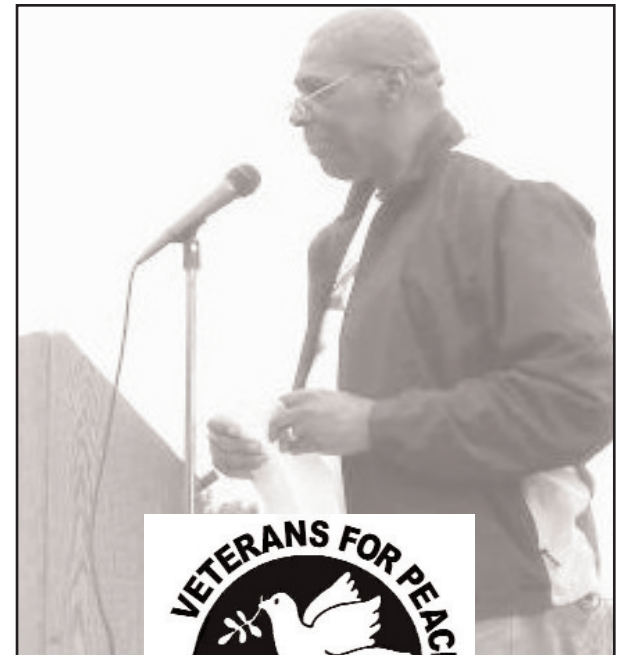

... is a national organization of men and women veterans of all eras and duty stations including from the Spanish Civil War (1936-39), World War II, the Korean, Vietnam, Gulf and current Iraq wars as well as other conflicts.

### STATEMENT OF PURPOSE

We, having dutifully served our nation, do hereby affirm our greater responsibility to serve the cause of world peace. To this end we will work, with others:

- (a) To increase public awareness of the costs of war
- (b) To restrain our government from intervening, overtly and covertly, in the internal affairs of other nations
- (c) To end the arms race and to reduce and eventually eliminate nuclear weapons
- (d) To seek justice for veterans and victims of war
- (e) To abolish war as an instrument of national policy.

To achieve these goals, members of Veterans For Peace pledge to use non-violent means and to maintain an organization that is both democratic and open, with the understanding that all members are trusted to act in the best interests of the group for the larger purpose of world peace.

# We are often asked, "WHAT DO YOU PEOPLE DO?"

Drawing on our experiences — and consistent with our objectives we:

Past VFP President David Cline with Daniel Ellsberg.

**Reach out** to students, churches, civic groups, and the media to discuss and **educate** about the full physical and spiritual costs of war.

**Demonstrate** against those who profit from war, revealing the cost in jobs and treasure of making war machines and munitions that wear out and blow up, themselves and people.

**Organize** campaigns to reduce military expenditures and increase funding for energy independence, health care and education, leading to peace, not war.

Agent Orange Project.

**Prevail** upon our elected representatives to make war the absolute last option on the table.

**Write letters** to the editor, op-ed pieces, and books, exposing the pervasive militarism that infects our society.

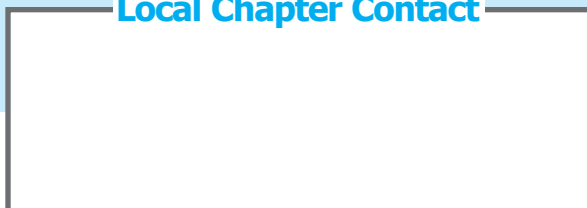

**Go to the streets** to protest when the war drums beat, demanding our leaders find other ways of resolving conflict.

**Give of our time and resources** to returning veterans, homeless veterans, mentoring and helping them to deal with their wounds, both spiritual and physical.

**Return to old battlefields** and build hospitals and schools, provide clean water and repairs to infrastructure; making amends, healing the wounds of war.

**These are just some of the ways we, as an organization and as individuals, work to bring about Peace.**
