

PROTEST THE VAMPIRE COPS!

The Austin Police Department wants to suck YOUR **BLOOD!**

When: Halloween @ 10 pm

Where: 4th and Lavaca @ Halcyon Coffee Shop

- **Police Chief Art Acevedo** wants to use **Federal** grant money to train his officers to **forcibly** take your **blood** if you refuse a breathalyzer.
- Armed with a search warrant, **APD** Officers will stick a **needle** in your arm to get your **blood** alcohol level, rather than a **trained** jail nurse.
- For the first time, a phlebotomist will be on board the **BAT-Mobile** (**Breath Alcohol Testing**) to draw blood.

This **Federal** program is spreading to cities all across the country!
BUT, the **Seton Highland Lakes Medical Center** in **Burnet** announced that they will **NOT** draw blood under a search warrant.

Let's show these blood suckers that **Austinites** will **NOT** stand for it either!

Help put a stop to this!
