

AFTER 8 YEARS, IT'S TIME TO EXIT

RALLY AND MARCH

Join us on October 7, the eighth anniversary of the American war in Afghanistan. Rally at the office of Congressman Gary Peters. We will present a petition to thank him for co-sponsoring HR 2404 which calls for an Exit Strategy from Afghanistan, and urge him to end the war by voting to cut off funding for it. Enough is enough.

This rally is open to all people calling for an end to the war, including progressive groups such as health care and environmental advocates who know that the war is robbing us of resources to make the change we voted for and expect to see. Petitions will be available for other congressional districts as well.

We would like to have a few unified themes. Signs provided will include: "Troops Out of Afghanistan," "Healthcare, Not Warfare," and "Windmills, Not Weapons."

The rally will be followed by a march east 0.4 miles on Kirts to Livernois and then north 0.4 miles on Livernois to Big Beaver, where we will hold a peace vigil at that highly traveled intersection for a half hour.

Wednesday, Oct. 7
