- the Brady law;
- the requirement to lock up your safety (guns);
- the law permitting the US to be part of the UN (which, among other attacks on American freedoms, seeks to ban privately transfered firearms);
- participation in UNESCO -- which has been used to dumb down US education standards;
- the federal prohibition on importation of guns on a sporting basis test;
- federal prohibitions on any pilot wishing to carry a handgun to and in his cockpit; and,
- the so-called "assault weapons" ban (prior to its sunsetting in 2004).
