Welcome

Welcome to the **Green Home Building and Remodeling Resource Directory**. Whether you are a homeowner, resident, designer, or builder, we hope this directory will assist you in making your project more sustainable, healthy, and environmentally-friendly. The directory features suppliers and installers for a variety of green products that you may be looking for in your project. The directory also identifies a number of firms with expertise in the design and construction of green buildings, including consultants in a number of specialty areas. Finally, the directory includes a variety of government agencies, non-profit organizations, and other entities with useful information and resources on green home building and home management. Listings are organized by categories that should make sense as you are looking for a product, service, or information in the course of a project.

Although the directory is primarily intended for users living in Northern Virginia, some suppliers and service providers located in other parts of Virginia, the District, and Maryland have been included for broader regional reach – this should make it easier for you to find specialized green products and services. We verified the information published to the best of our abilities at the time of publication. But please do verify information via e-mail or phone as you use the directory – and let us know about corrections and improvements as needed.

This directory was prepared by Arlingtonians for a Clean Environment (ACE) in cooperation with the Arlington County Department of Environmental Services Green Building Program (DES). A significant number of entries are drawn from the **Sustainable Building Resource Directory** prepared by the Virginia Sustainable Building Network. **DISCLAIMER:** ACE and its partners are not endorsing or recommending any of the products or services listed.

Please let us know whether you find this directory helpful. We plan to update the listings periodically. Comments, corrections, and additions can be submitted to office@arlingtonenvironment.org or 703-228-6427.

Acknowledgements: Dr. Michael Murtha for research and directory design; Natasha Chiofalo for preliminary design and research; Elenor Hodges, Margaret Kertess, Helen Reinecke-Wilt, and Stella Tarnay for editing; Joan Kelsch, Martin Ogle, and Aileen Winquist for additional input.

Installs residential solar power and thermal systems.

Chesapeake Solar

301-604-6288
7761 Waterloo Road
Jessup, MD 20794
www.cwsenergy.com
Designs and installs residential solar energy systems.

Commonwealth Solar

804-798-5371
12433 Autumn Sun Lane
Ashland, VA 23005
www.commonwealthsolar.com
Designs and installs active and passive residential solar systems.

Continuum Energy Solutions

703-354-0262
5645 D General Washington Drive
Alexandria, VA 22312
www.ces-va.com
Installs solar hot water and photovoltaic systems.

Solar Electrics

703-425-9712
4060 Trapp Road
Fairfax, VA 22032
www.solarelectricsva.com
Designs and installs residential solar electric systems.

Standard Solar Inc.

301-944-1200
202 Perry Parkway #7
Gaithersburg, MD 20877
www.standardsolar.com
Designs and installs residential and small commercial solar electric and solar hot water systems.

Thermal Systems

703-361-0057
10002 Carrington Place
Manassas, VA 20109
Designs and installs solar hot water systems.

The Stella Group, Ltd.

703-522-1195
706 North Ivy Street
Arlington, VA 22201
www.thestellagroupltd.com
Marketing and policy for commercial users of clean distributed energy. Scott Sklar, president, lives in a solar home.

Green Product Suppliers

Firms that can provide different types of building products and materials for use in green buildings.

Appliances

Identifies companies that sell Energy Star® and other environmentally-friendly appliances. Major home retailers like Home Depot, Lowe's, and Sears also carry some ENERGY STAR® appliances

Appliance Connection

703-492-7283

13851 Telegraph Road

Woodbridge, VA 22192

www.applianceconnection.net

Front-loading washing machines and ENERGY STAR® appliances.

Creative Laundry Systems

800-369-4771

12104-G Indian Creek Court

Beltsville, MD 20705

www.creativelaundry.com

High efficiency washers and ventless dryers.

Bray & Scarff

703-534-2800

5715 Lee Highway

Arlington, VA 22207

www.brayandscarff.com

Energy and water-saving appliances, as well as other front-loading washing machines and ENERGY STAR® appliances. Additional locations in DC Metro area.

McGuire Appliances

703-849-1850

7395 Lee Highway, Suite M

Falls Church, VA 22042

www.mcguireappliances.com

Energy and water-saving dishwashers, as well as other front-loading washing machines and ENERGY STAR® appliances.

Building Products, General

Stores that carry a variety of green building products and materials. Major home retailers like Home Depot, Lowe's, and Sears also carry a limited range of environmentally friendly building products, including ENERGY STAR® appliances, lighting, and some Forest Stewardship Council (FSC)-certified wood.

ABC Supply Co.

5757 Tiros Drive
Springfield, VA 22151
www.abcsupply.com

Energy efficient and sustainable exterior building products.

Alterego

800-339-1179
640 Frederick Road
Baltimore, MD 21228
www.alter-e.com

Sustainable building materials including flooring, counters, cabinets, and tile.

Amicus Green Building Center

301-571-8590
4080A Howard Avenue
Kensington, MD 20895
www.amicusgreen.com

Green building products, including flooring, carpet, tile, lumber, lighting, paints, finishes, counters, cabinets, fans, cleaning, and landscape products.

Ayers Variety and Hardware Store

703-538-5678
5853 N. Washington Blvd.
Arlington, VA 22205

Compact-fluorescent light bulbs and some older products not normally available.

Brown's Hardware

703-532-1168
100 W. Broad Street
Falls Church, VA 22046

Compact-fluorescent light bulbs and sealing and insulation materials.

Cherrydale Hardware and Garden Center

703-527-2100
3805 Lee Highway
Arlington, VA 22207

Compact fluorescent light bulbs and sealing and insulation materials.

Community Forklift

301-985-5180
4671 Tanglewood Drive
Hyattsville, MD 20781
www.communityforklift.com

Growing line of new green building products in building surplus and salvage center.

Eco-Green Living

202-234-7110
6201 Blair Road
Washington, DC 20011
www.eco-greenliving.com

Green home and building products, including flooring, glass countertops, insulation, paint, solar attic fans, and tankless water heaters.

Falls Hardware

703-438-1700
776 Walker Road
Great Falls, VA 22066
www.thefallshardware.com
Compact fluorescent light bulbs and
sealing and insulation materials.

McLean Hardware

703-356-5496
1445 Chain Bridge Road
McLean, VA 22101
www.mcleanhardware.com
Compact-fluorescent light bulbs and
sealing and insulation materials.

Nature Neutral

1-800-656-1961
370 C Greenbrier Drive
Charlottesville, VA 22901
