

PRECINCT CAPTAIN'S WALK LIST & INSTRUCTIONS

Delaware - AEJ - GENOA M

Thank you for becoming a registered Precinct Captain for the Ron Paul 2008 Presidential Campaign. As precinct captain, your goal is to turn out the vote for Dr. Paul in your precinct on the day of the primary. This is done through a series of steps:

- "Lit drop": Distribute at least one piece of literature to each residence in your precinct, such that every voter will know something about Dr. Paul
- "Voter ID": By surveying the voters in your precinct, you can discover a lot about each voter.
- "Voter conversion": Once you know who is "on the fence", you can attempt to attract those people toward voting for Ron Paul.
- "Get Out The Vote": Once you've determined who supports Dr. Paul, you should make every effort to see that they can and will vote on Election Day.
- "Poll watch": This is the last step. You will campaign for Dr. Paul right at the polling place on Election Day.

LIT DROP / HOW TO READ THIS LIST

The precinct walk list is sorted first by city, then street, then number, then apartment. On a walk, you can do each residence on a street, then each residence on the next street, etc making a little dot next to each house you have covered (or any other sort of notation that's easy for you to use).

If your state has partisan registration, there will be a column of letters, probably mostly "D"'s, "R"'s, "U"'s or "I"'s, sometimes "O"'s and "N"'s are common too.

The letters mean: R for Republican, D for Democrat, U for Unaffiliated, I for Independent, O for Other, N for None, T for Libertarian, M for Reform, G for Green, X for US Taxpayers, F for Right to Life, P for Peace and Freedom, W for Natural Law, S for Socialist, and E for American Independence. Be sure you know your state's rules for its primary: In some states such as Rhode Island, anybody that is not registered Democrat, INCLUDING THOSE REGISTERED "UNAFFILIATED", may vote in the Republican primary. In other states, ONLY registered Republicans may vote in the Republican primary. Therefore, depending on your state's rules, you should or should not ignore "I" and "U" voters.

Also, just about every voter will have a score from 1 to 100. This is a rating of how conservative versus liberal a voter is. 1 is liberal, 100 is conservative.

Some voters will also have letters on their line: "G," "L," "T," possibly other letters too. These letters indicate that the voter is known to be concerned about a particular issue: G is for Gun rights, L is for the right to Life, T is for lower Taxes and spending. Some states also have their own micro-targeting info, and in that case, you may see "I" for opposing Illegal Immigration, "J" for protecting American Jobs, "C" for opposing Corruption of power, or "P" for opposing Pork barrel

legislation. Additionally, each instance where a voter meets criteria for more than one letter, the letter of the issue that they care about the most is capitalized, while the other(s) are lower-case.

With the letters and numbers, you can make a pre-determination which slim jim (or other piece of literature) is best for that voter. So, if you have several varieties of slim jims, you can give a "Gun Owners for Paul" slim jim to anyone with a capital G, "Life and Liberty" slim jim to anyone with a capital L, etc. For voters where there are no letters, or it's a letter you don't have literature targeting, a generic slim jim works fine. There are two generic designs, one better for conservatives and one better for independents. You should definitely keep stock of both of these:

Ron Paul 2008
★ HOPE FOR AMERICA ★

A True Conservative. A Real Republican.
Congressman Paul (left) accompanies President Reagan to Texas aboard Air Force One. Dr. Paul proudly led the Texas Reagan delegation to the National GOP Convention in 1976.

Ron Paul has:

- never voted to raise taxes.
- never voted for an unbalanced budget.
- never voted to raise congressional pay.
- never taken a government paid junket.
- never voted to increase the power of the executive branch.
- voted against regulating the Internet.
- not participated in the lucrative congressional pension program.
- repeatedly been named the "Taxpayers' Best Friend" in Congress.

Congressman Ron Paul is serving his 12th term in the U.S. House. Dr. Ron Paul has delivered over 4300 babies. He served his country as a Flight Surgeon in the Air Force and the Air National Guard. Ron has been married to his wife, Carol, for 52 years. They have five children and 18 grandchildren.

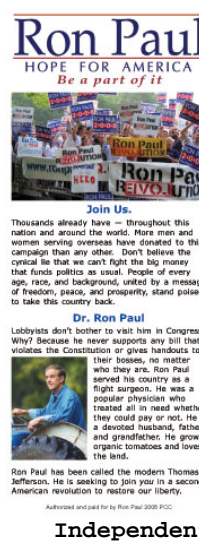

Be a part of it!

Conservative slim jim

A Ron Paul presidency will:

- let Americans keep more of their own money.
- end the IRS.
- stop the central bankers' "inflation tax."
- stop unconstitutional spending leading us to bankruptcy.
- stop the financial dependency on China, Saudi Arabia, and other foreign governments.
- oppose trade deals and groups that threaten American Independence (i.e. the UN, GATT, NAFTA, NAU, WTO, CAFTA, ICC).
- protect our privacy and stop the national ID card.
- protect our constitutional rights and end the " Patriot Act."
- secure our borders and end illegal immigration.
- end "birthright" citizenship for illegal aliens.
- bring our troops home from so-called "pilot actions."

Thousands already have — throughout this nation and around the world. More men and women serving overseas have donated to this campaign than any other. Don't believe the cynical lie that we can't fight the big money that funds politics as usual. People of every age, race, and background, united by a message of freedom, peace, and prosperity, stand poised to take this country back.

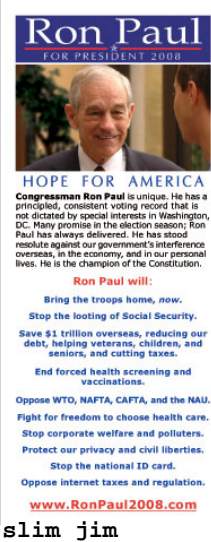

Dr. Ron Paul

Lobbyists don't bother to visit him in Congress. Why? Because he never supports any bill that violates the Constitution or gives handouts to their bosses, no matter who they are. Ron Paul served his country as a flight surgeon. He was a popular physician who treated all in need whether they could pay or not. He is a devoted husband, father, and grandfather. He grows organic tomatoes and loves the land.

Ron Paul has been called the modern Thomas Jefferson. He is seeking to join you in a second American revolution to restore our liberty.

If you cannot obtain slim jims from the campaign, you may certainly print them yourself. However, it's best (especially in states with snow on the ground) to use glossy paper if you can. Your local copy shop may charge a lot, but if you look up companies on the Internet, you may find one that will give you a good deal on bulk printing (shoot for \$500 for 10,000 or better). You can use meetup.com to meet other precinct captains in your area and split up the cost.

To prepare the slim jims, you should also give people a way to get in touch with you if they would like to volunteer (and perhaps become precinct captains themselves). Most office supply stores will sell you a self-inking stamp with your own personal message on it for about \$15. You should have it read "To volunteer call [your phone number]" and stamp each slim jim once. Take a moment to find the ideal spot on the slim jims where the text will fit and block as little else as possible. This way, when you reach other people who support Dr. Paul but haven't gotten involved, you'll help them get involved.

At any rate, once you've gotten the slim jims, stamped them, and printed your list, you're ready for the lit drop. You should leave one piece of literature at each address on your list. Remember, if your state has a closed primary, do NOT bother with ineligible voters and non-voting households. Also, remember: NEVER put campaign materials in the mailbox. It is a crime to put unsolicited materials in someone's mailbox. Put them in the front door, or the newspaper bin, wherever's clever--but never the mailbox.

While you drop off the literature, it's generally best not to knock on doors, and just leave flyers

and get it done with as quickly as possible. However, should you run into someone while they're at home, by all means, tell them what you're doing and why Dr. Paul is the greatest man to run for office since Thomas Jefferson. When you have any sort of exchange with anybody, jot down a note about how it went in the blanks on the right margin of the list. The goal--which is the focus of step 2--is to identify every voter's vote, and if you can get a little head start while doing your lit drop, so much the better.

Voter ID

Once you've given everyone in your precinct something to read, it's time to find out who is voting for Dr. Paul, who you can possibly convince to vote for Dr. Paul, and who is definitely not casting a vote for Dr. Paul. If you watched the training videos as you should have, you know basically how this is done already. Use your walk list to take notes as you go door-to-door or talk over the phone (the phone numbers do not appear on the list below, but on your database entry page at Grassroots HQ, they're there). If they aren't eligible to vote or they're firmly committed to a rival candidate, make a note of it and that is all you need to know! If they like Ron Paul, but they aren't sure they're going to vote for him, that's extremely important to note--these are the people you'll be reaching out to in the next step. You should follow up by asking them WHAT ISSUES ARE IMPORTANT TO THEM as that will make it much, much easier to convince them based on their issues rather than yours. And of course, if they're definitely Paul voters, make a note of it so you'll remember to call them the day before Election Day.

Be sure to take good notes: if someone's a 2nd Amendment voter but they don't have a "G" on the chart, write one in. If they do have it on the chart but they're NOT a gun voter, cross it out. If they are a gun voter AND it's already on the page, circle it so you know it's been confirmed.

You'll also notice that the walk lists occasionally put dollar signs and exclamation marks on the line. The dollar signs indicate that a voter is known to the RNC to be likely to donate, while the exclamation points indicate that the voter has some sphere of influence. In either case, these are voters that you want to try your hardest to win, because they may bring donations and additional votes along with them.

When you're done, be sure to log in to Grassroots Central and copy your notes into your database. The online database is important because 1) The campaign can see your progress and 2) in case you misplace your notes, you have a backup.

Voter Conversion

Now that you know who's who, the next big effort is bringing over everyone who hasn't made up their mind. Hopefully, from the Voter ID phase you know what issues are important to them. Spend some time at www.ronpaullibrary.org and familiarize yourself with Dr. Paul's positions. If you have an open primary, be sure to read up on health care and the environment, as liberals will grill you on those issues. If you're in a Republican precinct, read interviews and notice how Paul handles the "if we were to leave it would be a disaster" argument. It's also good to practice the utilitarian argument, the "Ron Paul is the only one who will get the support of gun owners, pro-lifers, and pro-civil liberties anti-war liberals, hence he's the only Republican who can beat a Democrat" argument.

If you have a high-speed Internet connection, try to watch as many Ron Paul interviews on Youtube as

you possibly can. Dr. Paul has had every difficult question posed to him, and he's answered them all with persuasive ease. So if you can memorize his responses, you'll be in good shape for handling any question a voter might have.

Once you're comfortable discussing it with other people, go out (or pick up the phone) and do your best to get the vote of everyone on your list. Then once again, copy your notes of the results into your online database.

Get Out The Vote / Poll watch

Two days before Election Day, you'll want to call or leave a note with every Ron Paul voter on your list, reminding them that ELECTION DAY IS AROUND THE CORNER and to call you if they need any assistance getting to vote. This is very important--a lot of voters will forget, or be stuck at work, etc. unless they're reminded. And finally, on Election Day itself, stand as close to your polling place as the law allows, and hand out your favorite slim jim to every voter.

State-specific notes

SS10: J = Supports protecting American jobs

SS17: J = American jobs CD-wide survey

SS18: I = Opposes illegal immigration

The state-specific microtargeting info may or may not be available for your precinct.
