

# Ron Paul for President 2008

Ronpaul2008.com

**Experience.** 10<sup>th</sup> Term Congressman from Texas. Authored more legislation than anyone else in Congress. Served on House Banking Committee and House Committee on Foreign Affairs.

**National Defense.** He wants to end the war in Iraq and strengthen our national defense. He has more contributions from the military than any other candidate. He opposes trade deals/groups that threaten American Sovereignty, such as NAFTA, CAFTA, NAU, UN. Served his country as a Flight Surgeon in the Air Force. Never voted against the 2<sup>nd</sup> Amendment. See ronpaul2008.com for more on Foreign Policy, American Independence & Sovereignty, Second Amendment Rights, or his writing, "A Foreign Policy of Freedom".

**Health Freedom.** Medical doctor (has delivered over 4000 babies) who fought hard against mandated mental health screening of our children. Fights hard to restore health freedoms, taking government legislation out of health care to lower costs, and bolstering options to alternative treatments by placing all health care solutions back on the free-market, where consumers, patients and doctors decide. You Tube search "Ron Paul Kaiser" for a live interview.

**Education.** Believes parents, not federal bureaucrats, should be making decisions about public education, and supports legislation in favor of Home Schooling. See Ron Paul's Home Schooling website - [www.ronpaul2008.com/homeschoolers/](http://www.ronpaul2008.com/homeschoolers/)

**Moral Issues.** Believes federal government should not be ruling on moral issues – such as abortion and marriage. Says preemptive war is a moral issue we should take seriously. Believes separation of church and state has been abused to infringe on religious freedoms. He is a Christian and has strong moral character - Does not participate in the lucrative pension program and gives back a part of his congressional budget each year. Married to his high school sweetheart, Carol, for 50 years. 100% voting record & keeps his Oath of upholding the Constitution. Lobbyists do not even bother visiting Ron Paul. Amazing.

**Economics.** NEVER voted to raise taxes, NEVER voted for an unbalanced budget, NEVER voted to raise congressional pay. Student of economics for over 30 years, this is his strongest issue. Wants to save our country from potential economic ruin using a sound money policy (Mises and Austrian Economics), limiting the role of federal government and encouraging growth by abolishing the IRS. See <http://mises.org:88/Paul-Partee> for a debate on monetary policy including Rep. Ron Paul, or look for one of his published books.

"I believe that banking institutions are more dangerous to our liberties than standing armies. Already they have raised up a monied aristocracy that has set the government at defiance. The issuing power (of money) should be taken away from the banks and restored to the people to whom it properly belongs." – Thomas Jefferson

"It is well that the people of the nation do not understand our banking and monetary system, for if they did, I believe there would be a revolution before tomorrow morning." – Pres. Henry Ford

**He can win.** Has come in 1, 2 or 3 in almost all straw polls, No. 1 in nearly all on-line polls, and No. 1 in ALL 3 televised Republican debates. Has more money on hand than some 1<sup>st</sup> tier candidates; collected millions on-line on November 5<sup>th</sup> - more than any other candidate has in 1 day. More military contributions than any other candidate. He is doing all of this without the support of the regulated mainstream media or any lobbyist. His grassroots organization is growing by leaps and bounds.
