

“END THE FED” Dallas District Rally (November 22, 2008)

Rules Of Conduct

01. No violence, no harassment, no threats, no profanity, no obscenity, no sexism or racism and no law breaking. No alcohol or illegal drugs.
02. Local and/or Federal law enforcement officers and Federal Reserve Security must be treated with respect. Comply with any and all reasonable request(s).
03. Stay out of the street at all times, except when using a crosswalk with the traffic light. If you have children with you please watch them at all times and keep them by your side.
04. Do not block the sidewalk to pedestrian traffic.
05. Keep protest signs from intruding into the street.
06. If any arguments arise take the high road. Be civil, be resolute and turn the other cheek.
07. Stay off of the private property of the Federal Reserve (including it's private parking and landscaping.) Do not attempt to enter the building or any of it's secured perimeter. No direct and/or indirect vandalism to the Federal Reserve property. Beware especially of venturing into the back alley of the building: you will be confronted by highly armed security.
08. By Dallas Law you may NOT hand information/media to people that are in their cars on a public street (not even if they ask for it.) This can obstruct traffic and may cause safety concerns.
09. In any of the surrounding areas be aware of not parking in a tow-away zone.
10. No littering. Please clean up after yourself.
11. This event is not the product of an official organization, we are an all volunteer grass roots movement. If at any times you may become in need of emergency medical services you must determine the level and solution at your own discretion. If you deem that you are in dire need of immediate medical service please call 911.
12. Please be aware that this event will be video taped and photographed by many people. The footage and/or images may very well appear on the Internet in future END THE FED projects or for other related reasons/movements.
13. If members of the media show up and you are not thoroughly educated on all of the principal and factual issues of the movement please direct the media to the organizing table. We will have an official spokesperson on-site to give interviews (so that we speak with one voice.)
14. If you have any other questions and/or concerns please find the organization table and we will try our best to get you answers, information and/or solutions if possible.
