

In Support of the “Federal Reserve Board Abolition Act”

In order to re-establish a sound, constitutional monetary system, return the power to issue money to the People and their Congress and create the conditions for a renewal of our economy, which has been devastated by the current, unsound monetary regime:

We the People of the United States of America undersigned demand that Congress pass the “Federal Reserve Board Abolition Act”, a bill to abolish the Board of Governors of the Federal Reserve System and the Federal Reserve Banks and to repeal the Federal Reserve Act, within the calendar year of 2009.
