

# Q: *Is Our Representative Listening?*    A: **NO!**

On two separate instances, our Congressman, Brad Ellsworth, voted “YES” to the destructive Bailout Bill despite the EMPHATIC OPPOSITION of We The People. We beg the question: Is Our Representative Listening? Based on this information, it appears he is paying attention to *someone\**, whether or not it is you and I listens to, you be the judge. The Bailout Bill, or so called “Rescue Plan,” will fail. Like a drug addict seeking a quick fix, the bailout is our government’s only answer to our economic problems. They’ve “injected” more money into the economy, but all they are doing is feeding the addiction that is killing our country from within. In the short run, it has obviously done nothing to embolden the markets. In the long run, it massively adds to the Federal Debt and will make things worse by increasing **INFLATION** (an insidious tax levied by our central bank, called **The Federal Reserve**, in which they have the power to create money ‘out of thin air’ when they want, which makes the money you and I already have, worth less). Inflation is the reason energy, food, gas and other product’s prices are rising. The Dollar is growing increasingly worthless and the time is near where we will feel the consequence of our **FIAT Monetary Policy**. These destructive policies in tandem with uncontrolled government spending (through Welfare and Warfare) will lead to the bankruptcy of our Nation and a **DIRE ECONOMIC SITUATION** that will effect each and every one of us painfully for many years. It is imperative you educate yourself and prepare yourself spiritually, mentally, and financially for the tough times ahead. Also, it is important you make an effort NOW to help stabilize this unsettling national crisis by demanding Congressman Ellsworth honor his Oath of Office to **protect and defend the Constitution**. Our country has strayed from our most basic blueprint, our Constitution, and the answers to our problems can be found within it. We can once again have Peace, Freedom and Prosperity. Call Mr. Ellsworth’s office TODAY and demand he obey his Oath to defend the Constitution and serve We The People and not the special interests. America is OUR nation, but only if we are willing to fight for it. **Call your Representative @ 812.465.6484. Thank you!**
