Have you ever seen a Water Bridge over a river?.....

Pretty Cool !

Even after you see it, it is still hard to believe!

Water Bridge in Germany. What a feat!

Six years, 500 million euros, 918 meters long.....now this is engineering!

This is a channel-bridge over the River Elbe and joins the former East and West Germany, as part of the unification project. It is located in the city of Magdeburg, near Berlin. The photo was taken on the day of inauguration.
