

# Rochester Independence Day Tea Party

6:00pm-10:pm Friday, July 3<sup>rd</sup>  
Ontario Beach (north end of Lake Ave. in Charlotte)

This July 3rd, we citizens of Rochester, NY will re-declare our Independence! Only this time, it is not from the British Crown, but from those in the halls of power in America, in both major parties, who have usurped popular government and individual liberty.

Rochester, NY has long been a home for freedom-loving people. Susan B. Anthony led the womens suffrage movement from her home in Rochester. Frederick Douglass lived and preached in Rochester as he fought to abolish slavery. The underground railroad passed through Rochester, where fugitive slaves were sheltered on their way to Canada. Today, that legacy continues.

The time has come for us to take back our government, from the corrupt politicians who even now sit with arrogance in the seats of power, unaware of the impending challenge which will sweep their injustice from all those places it has taken root.

All are welcome, regardless of party affiliation or political view. It's past time we realized that the oligarchy which now occupies our nation is the enemy of us all.

Please join our Meetup and Facebook groups as we organize this event. We need your input and assistance to make it a success. Register on the ReTeaParty website to network with Independence Day Tea Partiers around the country.
