DISCLAIMER: The examples set forth here are hypothetical examples that are intended to explain the components and operation of the BookWise Compensation Plan. These hypothetical examples are not representative of the income, if any, that a BookWise Associate can or will earn through his or her participation in the BookWise Compensation Plan. These figures should not be considered as guarantees or projections of your actual earnings or profits. Any representation or guarantee of earnings, whether made by BookWise or an Associate, would be misleading. Success with BookWise results only from successful sales efforts, which require hard work, diligence, and leadership. Your success will depend upon how effectively you exercise these qualities. Because BookWise is so young, it has not yet had the ability to determine either: (1) the average earnings for all its Associates; or (2) the percent of BookWise Associates who achieved or exceeded the hypothetical earnings set forth above. As soon as this information is available, we will provide it on this page. Please return to the following web page periodically for updated information www.bookwise.com.
